

Curriculum Vitae

Europass

Personal information

Surname/ First Name	FEDORCA Mihai-Bogdan
E-mail address	mihai.fedorca@unitbv.ro
Nationality	Romanian
Sex	Male

Professional experience

Period	2021 - present
Occupation or position held	Associated professor
Main activities and responsibilities	Wildlife monitoring, Wildlife etology
Employee name and address	Transilvania Univesity of Brasov, Faculty of Silviculture and Foreste Engineering

Education Training

Period	2013 - 2018
Name of awarded qualification	PhD
Name and type of the educational institution	TRANSILVANIA UNIVERSITY OF BRAŞOV - Faculty of Silviculture and Forest Engineering
Period	2011-2013
Name of awarded qualification	Master's degree Diploma
Main disciplines studied/ Professional competences obtained	Silviculture - Forest ecosystem management, wildlife management, ecosystem dynamics
Name and type of the educational institution	TRANSILVANIA UNIVERSITY OF BRAŞOV - Faculty of Silviculture and Forest Engineering
Period	2007 - 2011
Name of awarded qualification	Engineer
Main disciplines studied/ Professional competences obtained	Animal genetics, wildlife management, silviculture.
Name and type of the educational institution	TRANSILVANIA UNIVERSITY OF BRAŞOV - Faculty of Silviculture and Forest Engineering
Period	2009
Name of awarded qualification	Project Manager

Name and type of the educational institution	S.C. INFO EDUCATIA S.R.L																								
Personal aptitudes and competencies																									
Mother's tongue(s)	Română																								
Other language	English																								
Self-assessment																									
<i>European level (*)</i>																									
English	<table border="1"> <thead> <tr> <th></th> <th colspan="2">Understanding</th> <th colspan="2">Speaking</th> <th>Writing</th> </tr> </thead> <tbody> <tr> <td></td> <td>Listening</td> <td>Reading</td> <td>Spoken interaction</td> <td>Spoken production</td> <td></td> </tr> <tr> <td>C1</td> <td>Experienced user</td> <td>Experienced user</td> <td>C1</td> <td>Experienced user</td> <td>C1</td> </tr> <tr> <td></td> <td></td> <td></td> <td></td> <td></td> <td></td> </tr> </tbody> </table> <p>(*) Common European Framework of Reference for Languages</p>		Understanding		Speaking		Writing		Listening	Reading	Spoken interaction	Spoken production		C1	Experienced user	Experienced user	C1	Experienced user	C1						
	Understanding		Speaking		Writing																				
	Listening	Reading	Spoken interaction	Spoken production																					
C1	Experienced user	Experienced user	C1	Experienced user	C1																				
Social aptitudes and competencies	<p>Team spirit:</p> <ul style="list-style-type: none"> - Teamwork experience; participation in proposed activities of practical and research projects conducted at the Faculty; organizational capacity. <p>Sociable, communicative, adaptative:</p> <ul style="list-style-type: none"> - Skills developed, especially during the preparation of project proposals . 																								
Computer aptitudes and competencies	Microsoft Office(Word, Excel, Acces), Windows, ArcMap.																								
Driving license	A, BE, CE																								
Awards	<p>Young Opinion Research Award - CIC (International Council for Game and Wildlife Conservation) 2014</p> <p>First place at the international forestry contest "Forestry versatility", Brno, Czech Republic 2010 and 2011</p> <p>Diploma "Student of Honour" of the Faculty of Silviculture and Forest Engineering 2010</p>																								
Experience in national and international projects	<p>Research team leader: Life Natura 2000 European project: LIFE SAFE CROSSING (LIFE17NAT/IT/000464) in cooperation with Greece, Spain and Italy Granted by the European Commission. Grant: 38 K€</p> <p>Research team member:</p> <p>International</p> <p>BiodivERSa (Networking European Research on Biodiversity – under the Horizon 2020 ERA-NET COFUND scheme): Functional connectivity and ecological sustainability of European ecological networks: a case study with the brown bear (BearConnect), 2017-2020 in cooperation with France, Germany, Poland, Italy and Norway, together with all stakeholders from Europe involved in connectivity and conservation. Grant: 1.25 million € from Horizon 2020 ERA-NET COFUND</p> <p>Financial Mechanism of the SEE Grants 2009-2014: Ecological corridors for habitats and species in Romania (COREHABS), 2015-2016. Granted by the EEA grants and Ministry of Environment, Forest and Water. Grant: 1.1 million €.</p>																								

Life Natura 2000 European project: Restoration and improvements of the natural processes for the forests and eutrophic marshes in Harman and Prejmer (LIFE FOR MARSH / LIFE 11 NAT/RO/828), 2012-2017. Granted by the European Commission for INCDS "Marin Dracea". Grant: 1.26 million € from EU

National Authority for Forest Management: Determining the conservation status of the population of capercaillie (*Tetrao urogalus*) in Romania and the necessary measures for species management, 2013-2016. Granted by the National Authority for Forest Management for INCDS "Marin Dracea". Grant: 83 K€

National Authority for Scientific Research and Innovation: Monitoring the conservation status of the brown bears in two pilot areas (NUCLEU), 2011-2014. Granted by the National Authority for Scientific Research and Innovation. Grant: 301K€

Life Natura 2000 European project: Conservation of brown bear (*Ursus arctos*) population in Romania, (LIFE FOR BEAR/ LIFE13 NAT/RO/001154), 2014-2019, Granted by European Commission and led by Ramon JURJ from INCDS "Marin Dracea", Mihai Fedorca is an expert involved in connectivity and conservation, elaborating measures for mitigating the impact of society development and policy advice. Grant: 1.11 million € from EU

National

Executive Agency for Higher Education, Research Development and Innovation (UEFISCDI) Research on protection and development of wildlife resources in order to increase efficiency in the management of wildlife population's economic value in the plains, 2013-2016, Mihai Fedorca is an expert responsible for elaborating modern strategies and policies which can be applied for effective management. Grant: 325K€

National Authority for Scientific Research and Innovation: Improving the conservation status of the beaver, 2014-2016. Granted by the National Authority for Scientific Research and Innovation. Grant: 150K€

National Authority for Scientific Research and Innovation: Mapping the natural and artificial food availability and testing for the brown bear evolutionary potential, 2014-2016. Granted by the National Authority for Scientific Research and Innovation. Grant: 170K€

Ministry of Environment, Forest and Water: Research on estimating large carnivore populations and determining the level of minimum intervention in Romania, 2012-2015. Granted by the Ministry of Environment, Forest and Water. Grant: 120K€

National Authority for European Funds/Sectorial Operational Programme for Environment POSMediu and National Institute of Biology from Bucharest via Romanian Academy of Science, "Monitoring the conservation status of the mammal's species of community interest in Romania", within the project "Monitoring the conservation status of species and habitats in Romania under Article 17 of the Habitats Directive", 2012-2015, granted by the Sectorial Operational Programme for Environment POSMediu. Grant: 837K€

National Authority for European Funds/Sectorial Operational Programme for Environment POSMediu/ Fagaras Mountain Association, "Technical assistance for monitoring the conservation status of mammals species in the Fagaras Mountains", 2013-2015. Grant: 100K€

National Authority for Forest Management: "Increasing the management efficiency of the small game species in the pilot area West plain of Romania", 2013-2016. Granted by the National Authority for Forest Management. Grant: 79K€

Publications
ISI

1. *Ancuța Cotovelea, Ovidiu Ionescu, Neculae Sofletea, Georgeta Ionescu, Ramon Jurj, George Sîrbu, Marius Popa, Mihai Fedorca, Cosmin Mariș, Alexandru Lucian Curtu. Testing the influence of habituation on genetic structure of brown bear (*Ursus arctos*). 2015. Annals of Forest Research.. Volume 58, Issue 1. Doi: 10.15287/afr.2015.355 (IF = 0.741)*
